

Please provide information for primary patient (dog)

<b>Name</b>	<b>Species</b>	<b>Breed</b>	<b>Gender (include if spayed/neut ered)</b>	<b>Birth date (Appro x.)</b>	<b>Age when acquire d</b>	<b>Weigh t</b>

Please list all other household pets:

<b>Name</b>	<b>Species</b>	<b>Breed</b>	<b>Gender (include if spayed/neut ered)</b>	<b>Curre nt age</b>	<b>Age when acquire d</b>	<b>Weight</b>

Where did you get primary patient (dog) (breeder, shelter, pet store, etc)?

Do you have any additional pre-adoption history? (attach any documents to email)

If you had your dog when he/she was a puppy, briefly describe their behavior.  
 Friendly? Shy? Pushy?  
 Fearful?

Are there any known behavior problems with this dog's parents or littermates?

Please use the chart below to list the behavioral problem(s) that you wish to address and your level of concern on a scale from 1 to 10 (1 = minor concern, 10 = very serious concern)

<b>Behavior Problem:</b>	<b>Level of concern:</b>

**ANSWER THE FOLLOWING QUESTIONS FOR EACH BEHAVIOR YOU WANT TO ADDRESS:**

1. Describe a typical episode of the behavioral problem(s):
2. Describe the first time you see this problem (including date if known):
3. Describe the last time you saw this problem (including date):
4. How often does the behavioral problem occur?
5. Are there specific situations that elicit the behavior?
6. Circle one: Has the frequency of the behavior increased / decreased / remained unchanged?
7. Circle one: Has the intensity of the problem increased / decreased / remained unchanged?
8. Have you previously sought training for your dog's behavioral problem?
9. On a scale of 1-10 how successful was previous training?
10. What instructions were given to you during previous training (including use of equipment like collars)?
11. What else have you done so far to address this problem?

**ANSWER THE FOLLOWING QUESTIONS ABOUT YOUR DOG'S BEHAVIOR:**

1. Has your pet received any medications, supplements or medical treatments to address this problem?

If yes, please include name, strength, and dose information (ie: Fluoxetine 10 mg, 1 pill once a day):

2. Has your dog ever worn a muzzle for safety reasons?

3. Has your dog ever bitten a person or another animal under any circumstances?

If yes, please answer the following:

Who has your dog bitten?

How many bites have occurred?

Have any bites required medical attention?

When did the most recent bite incident occur?

4. Have you considered finding another home for your dog?

5. Have you considered euthanasia (putting your dog to sleep)?

### **HOUSEHOLD INFORMATION**

1. What type of living situation do you have (apartment, house with large yard, etc.)?

2. How long have you lived in this home?

3. Do you have a fenced yard area for your dog?  
If yes, what type/height of fencing?

4. Is your home/yard located in a very busy location, medium busy location, or low busy location?

5. Does your dog spend time outside without direct supervision?

6. Is your pet allowed on furniture?

7. Where do you leave your pet when you leave the house?

8. What is your dog's behavior like when you return home?

9. Where does your dog sleep at night?

10. Have you ever used a crate/kennel for your dog?

11. Do you currently use a crate/kennel for your dog?

12. How often are toys left down on the floor for your dog?

13. Does your dog have a doggy door or open access to go inside/outside?
14. Does your dog bark at dogs or people from inside the house?
15. When company comes over, is your dog out or put away in a bedroom, kennel, or yard?
16. Please list any changes in the household (new pet, new family member, schedule change, etc.) possibly associated with the onset or worsening of the behavioral problem(s).

### **NUTRITION INFORMATION**

1. What do you feed your dog (please be specific with name and brand of food and amount)?
2. How many meals a day is your pet fed?
3. How motivated by treats is your dog (1-10)?
4. Does your dog have any food restrictions?

### **TRAINING AND EXERCISE INFORMATION**

1. Do you play with your pet?  
If yes, describe how you play and frequency:
2. Do you walk/run your dog on leash?  
If so, how often, where, for what duration and who walks your dog?
3. List any commands your dog knows:
4. Has your dog attended doggy daycare, the dog park, or other group play with other dogs?
5. How do you respond if your dog behaves in an undesirable way?
6. What types of training collars, harnesses or leashes have you used with this dog?
7. How active is your dog inside the home: low, medium, or high?

### **MEDICAL INFORMATION**

1. When was the last time your dog had a vet exam?
2. Have any medical tests been performed related to this behavioral problem?
3. Is your pet spayed or neutered?  
If no, are you planning on breeding your pet?
4. Does your pet have any preexisting or current medical problems (arthritis, cataracts, allergies, etc.)?  
If yes, please describe:
5. List current or recent medications. Please include name, strength, and dose information (ie: Fluoxetine 10 mg, 1 pill once a day):
6. Has your pet ever had a seizure?
7. Are there any physical/medical limitations that should be placed on your dog?

**Please indicate the frequency of your dog's reactions to the following situations using this scale:**

	<b>Never</b>	<b>Rarely</b>	<b>Sometimes</b>	<b>Often</b>	<b>Always</b>		
	<b>Not Applicable</b>						
	1	2	3	4	5	NA	
1. Barks and/or lunges when <i>on leash</i> and an unfamiliar dog approaches?	1	2	3	4	5	NA	
2. Barks and/or lunges when <i>off leash</i> and an unfamiliar dog approaches?	1	2	3	4	5	NA	
3. Initiates fights with unfamiliar dogs?	1	2	3	4	5	NA	
4. Bites / breaks skin of another dog living in the same household?	1	2	3	4	5	NA	
5. Bites / breaks skin of another dog <i>not</i> living in the same household?			1	2	3	4	
6. Ignores or is aloof to an approaching unfamiliar dog?				1	2	3	4
7. Crouches and/or rolls over and/or urinates when approached by an unfamiliar dog?				1	2	3	4
8. Tucks tail between legs and/or flattens ears when approached by an unfamiliar dog?				1	2	3	4
9. Responds consistently to "sit" command?	1	2	3	4	5	NA	
10. Responds consistently to "down" command?	1	2	3	4	5	NA	
11. Responds consistently to "stay" command?			1	2	3	4	
12. Responds consistently to "come" command when on leash or indoors?				1	2	3	4
13. Responds consistently to "come" command when off-leash in yard or a public area?	4	5	NA	1	2	3	
14. Paws, pushes, or mouths your hand or leg to be petted?	1	2	3	4	5	NA	
15. Jumps up on you when greeted?	1	2	3	4	5	NA	

16. Jumps up on visitors or unfamiliar people?	1	2	3	4	5	NA
17. Appears restless or hyperactive at home?	1	2	3	4	5	NA
18. Mounts family member's legs?	1	2	3	4	5	NA
19. Is aloof around family members?	1	2	3	4	5	NA
20. Growls/bares teeth/snaps/bites when approached while in possession of food/toy? NA			1	2	3	4
21. Growls/bares teeth/snaps/bites when you try to take food/toy away? NA			1	2	3	4
22. Growls/bares teeth/snaps/bites when hugged, pulled, or restrained? NA			1	2	3	4
23. Growls/bares teeth/snaps/bites when approached while sleeping/resting? NA			1	2	3	4
24. Growls/bares teeth/snaps/bites when touched/pushed when sleeping/resting? NA			1	2	3	4
25. Growls/bares teeth/snaps/bites when petted by a familiar person? NA			1	2	3	4
26. Growls/bares teeth/snaps/bites when someone tries to take away an item the dog 'stole'? NA			1	2	3	4
27. Growls/bares teeth/snaps/bites when specific body parts are touched/toweled/examined? NA			1	2	3	4
28. Growls/bares teeth/snaps/bites when reprimanded or punished?	1	2	3	4	5	NA
29. Growls/bares teeth/snaps/bites for no apparent reason?	1	2	3	4	5	NA
30. Tucks tail between legs and/or flattens ears when approached by an unfamiliar person? 5 NA					1	2
31. Crouches and/or rolls over and/or urinates when approached by an unfamiliar person? NA			1	2	3	4
32. Growls and/or lunges when <i>away</i> from home and an unfamiliar person approaches? NA			1	2	3	4
33. Growls and/or lunges when <i>at home</i> and an unfamiliar person approaches? NA			1	2	3	4
34. Bites / snaps at an unfamiliar visitor at home/yard/cabin?	1	2	3	4	5	NA
35. Bites / snaps at an unfamiliar person in <i>neutral</i> surroundings (not home)? NA			1	2	3	4
36. Appears fearful when introduced to new and unfamiliar places and objects? NA			1	2	3	4
37. Appears fearful in response to loud noises such as thunder, firecrackers or gunshots? NA			1	2	3	4
38. Appears fearful or aggressive towards children?	1	2	3	4	5	NA
39. Follows you or family members from room to room? NA			1	2	3	4
40. Loses appetite when left alone?	1	2	3	4	5	NA
41. Barks, whines, or howls when left alone <i>at home</i> ? NA			1	2	3	4
42. Barks, whines, or howls when left alone <i>in the car</i> ? NA			1	2	3	4

43. Destroys household objects by chewing, digging or scratching when left alone? 5 NA										1	2				
44. Destroys household objects by chewing, digging or scratching when a person is present? 5 NA										1	2				
45. Tries to escape from confinement (house, yard, kennel, etc.) by digging or scratching? NA										1	2	3	4		
46. Injures self while trying to escape from a crate or other confinement? NA										1	2	3	4		
47. Pants, paces, whines, hides or salivates when you are getting ready to leave your home? 5 NA											1	2			
48. Growls, bites or bares teeth when you are getting ready to leave your home? NA										1	2	3	4		
49. Walks, runs, or paces excessively?										1	2	3	4	5	NA
50. Licks self excessively?										1	2	3	4	5	NA
51. Licks family members or other objects excessively? NA											1	2	3	4	
52. Urinates/defecates in the home when left alone?										1	2	3	4	5	NA
53. Urinates/defecates in the home when confined?										1	2	3	4	5	NA
54. Urinates/defecates in the home when owners are at home? NA											1	2	3	4	
55. Releases small quantities of urine when greeting a person/dog?										1	2	3	4	5	NA
56. Signals reliably to be let outside when family members are at home? NA											1	2	3	4	
57. Barks at dogs or people when they are on/passing your property? NA											1	2	3	4	
58. Barks at moving objects such as bicycles, children running, or joggers when in the yard? 5 NA												1	2		
59. Barks and or lunges at people on roller blades, bikes, or joggers during walks? NA											1	2	3	4	
60. Appears confused or disoriented at times?										1	2	3	4	5	NA
61. Appears restless at night and sleeps more during the day? NA												1	2	3	4
62. Interacts less with the family than in the past?										1	2	3	4	5	NA
63. Fails to recognize familiar persons or places?										1	2	3	4	5	NA
64. Gets 'stuck' in corners, or under / behind furniture? NA												1	2	3	4

### **GOALS / TREATMENT OBJECTIVES**

Please list any specific questions that you wish to discuss during your pet's appointment:

Can you describe your ideal outcome for this pet's training program (i.e. What do you hope to achieve?)

Are there any adults in the household who are not committed to your dog's training? If yes, please explain:

How would you describe your ideal learning style? Check all that apply:

- € I learn best when I can listen without distractions
- € I learn best by reading information that has been provided for me
- € I learn best by remaining active and by practicing specific tasks
- € Other: \_\_\_\_\_

Is there anything else you would like us to know?
